## WILL NOT GRANT AN ARMISTICE

### Belgians Believe Germans Want Time to Bring Up More Troops.

### FRIGHTFUL CARNAGE

**Large Army of Kaiser, in Two Columns, Moving Up Valley of Vesdre Under Heavy Fire.**

London, August 8.—A division of Kaiser's cavalry, in crossing River Meuse, were annihilated, and seven Teuton regiments surrendered to foe. The Austrian troops retreated before Servians.

A dispatch to the Exchange Telegraph Company from Brussels says that the rout of the division of German cavalry which had succeeded in fording the Meuse to the north of Liege, by Belgian cavalry and infantry, supported by a battery of light artillery, was complete.

Soldiers report that the trenches around Liege are literally filled with the bodies of Germans. In some places the bodies are piled four and five deep.

With his request for an armistice "to collect the wounded and to bury the dead" refused by the Belgian commander, General Von Emmich has ordered the renewal of the German assault on Liege.

Thousands of shells from Liege guns, howitzers, and heavy field artillery are pouring into the city and under cover of this storm the Seventh, Ninth and Tenth Army Corps are advancing upon the chain of forts.

The slaughter is frightful.

Re-enforcements are on their way to the German forces, while the evacuation of Liege itself. in order to fall back upon Namur is indicated in the plan of the Belgian commander.

The undaunted Germans are advancing over the open plains in the face of deadly fire and the battle line embraces the entire chain of twelve forts.

General Leman, the Belgian commander, in refusing the armistice declared he believed that the request for a truce was intended only to permit the Germans to hurry up two additional army corps that were pressing forward from Cologne.

General Leman reported to the war office today that up to the present the Belgian losses have totaled 8,000 men in killed and wounded.

Brussels, August 8.—Four hundred thousand German troops are reported to be on their way from Aix-la-Chapelle in two columns one following the direct route to Liege and the second moving up the valley of the Vesdro River, which joins the Meuse at Liege.

Eighty thousand of these re-enforcements have already reached Verviers. These troops are said to be under the command of the German Crown Prince. Six pontoon bridges have been thrown across the Meuse south of Vise, and at 5 o'clock this morning the Kaiser's troops began their new advance.

Though subjected to a heavy fire from Belgian guns, they successfully accomplished the passage of the river and moved southward, blowing up a number of railroad bridges.

## NEWS OF THE DAY

Practically the whole Russian population capable of bearing arms are now called to the colors. When the present mobilization is completed Russia will have considerably more than 6,000,000 men under arms. A wave of patriotic enthusiasm has brought in so many volunteers that the general staff was compelled to issue special rules restricting admission. All schoolboys over 16 years are eager to enter the service.

A German mob stormed the British Embassy in Berlin, smashed the windows and tore up the pavement in front of the building when the British declaration of war was published in the German capital. Forty British subjects are prisoners in the fortress of Spandau and all their fellow nationalists are being rounded up throughout the country. The German Emperor has sent an apology to the British Ambassador for the attack.

Col. William W. Harts, in charge of public buildings and grounds in Washington, yesterday made the following announcement. "In accordance with an authorization by Congress, which is contained in the sundry civil appropriation act approved August 1, 1914, the Washington national monument in this city will be opened hereafter to the public on Sundays and legal holidays. The hours for this opening will for the present be from 12:30 to 4:30 p. m., and the elevator will be in operation between those hours to convey visitors to the top floor."

Preston Griffin and Charles Hall, colored, were taken from the City Hall tower at Monroe, La., yesterday and hanged by a mob. Less than 24 hours before Henry Holmes was lynched in connection with the same crime. A. J. Madden, an aged grocer, was killed by burglars Wednesday night, and Holmes was captured and lynched by a mob several hours later. He is said to have confessed, and implicated the two other men in the crime.

The finacial district of London resumed almost its normal aspect yesterday with the reopening of the banks. Interest centered around the Bank of England, where a gradually extending line of people gathered, anxious to exchange paper money for gold. There was no great rush till noon.

Information has been received in Vancouver, B. C., to the effect that a Dominion order in Council has just been passed closing all German consulates in Canada and giving the German consular officers 48 hours in which to leave the country.

The position of Italy in the European war was definitely stated in a message to the State Department yesterday from Ambassador Thomas Nelson Page, who cabled this government that the Italian government would remain neutral. If this neutrality is violated by either Germany or Austria, the message further reads, Italy will not only repudiate the Triple Alliance treaty, but will at once join the Triple Entent.

The French Army has entered Belgium with a view to effecting a junction with the Belgians. The Germans before Liege have requested a 24-hour armistice in order, it is supposed, to bury their dead, which number 25,000.

Many German merchant vessels were brought into English ports yesterday by British cruisers. The Holland Lloyd steamer Tubantia, with $2,500,000 from South America for the Deutsche Bank, in London was also brought in. French warships also captured several German merchant ships. The British light cruiser Vindictive captured the German steamer Schlesien, of 3,528 tons.

**Shoots Girl And Kills Himself.**

Hazelton, Pa., August 8.—In jealous rage because she rejected his attentions, Casper Ameriz, aged 23, a telgraph operator, yesterday went to the home of Miss Marcella Fuehrer, aged 21, working with her sister in a hat shop, shot her through the head and shoulder, then turned the revolver upon himself.

He sent a bullet into his own brain and died at the State Hospital last night. The girl is also at the hospital, in serious shape, but is expected to recover, unless complicaotions set in.

## ARGUMENTS ARE NOW BEING MADE

### Commonwealth's' Attorney Rehearses Alleged Crime of Mrs. Hall.

### PLEA OF THE DEFENSE

**R. Lindsey Gordon Asks for Acquittal of Prisoner, Claiming She Is Innocent of Charge.**

Louisa, Va., August 8.—Impassioned argument was yesterday morning begun for the conviction and acquittal of Mrs. Victor Hall who s charged with murdering her husband at Green Spring Depot on April 15th.

Commonwealth's Attorney Bibb, who opened for the prosecution, declared that Victor Hall was killed by the same burglar who murdered Mrs. Samuel McCue, the same highwayman who killed Louise Owen Beattie.

He was followed by Attorney Hill Carter, for the defense who declared that there was not a schintilla of evidence against the accused, and that there could be only one possible verdict—that of absolute acquittal.

Attorney Bibb called the jury's attention to the testimony of Deputy Trice regarding the bloody bolster slip, and to Sterling Hall's statement as to the suggestion which he said he heard Mrs. Hall make to Miss Wood to the effect that Miss Wood had shot the pistol at a mile post.

The prosecuting attorney charged directly that Mrs. Hall set fire to her store after the grand jury met. He charged that she destroyed the bolster slip and tried to make away with Victor's clothes. He charged that when John Johnson reached Hall's store after the murder Mrs. Hall first told him that Dunkum's had been burnt and then, on second thought, told him that her husband had been shot.

"What is the testimony of Mr. Charles Hester?" he asked. "It is that there was moisture in the cylinder of Victor Hall's pistol when he examined it a few hours after Victor was shot, and then the expert witness called by the defense, W. J. Roberts, who did not know what Hester had said, testified that dampness in a pistol indicated that it has been very recently fired.

"When Mrs. Hall went back into the pantry and woke up Becky Coates, the little colored girl, she told her that Victor Hall had been shot in the head, though at that time Mrs. Hall had not seen her husband and did not know, according to her own signed statemnt, whether her husband had been shot or not.

"Mrs. Hall has had opportunity to contradict her signed statements, but she has not done so. What are we to believe in this case? She makes one statement to her own employed detective; she gives the public another. She makes other statements which conflict, and finally she takes the stand and tells you something entirely different. She tells you she got Becky Coates out of bed after Miss Wood got downstairs.

"But Miss oWod says the little colored girl was in Mrs. Hall's bedroom buttoning up her dress when she ran down into the store.

"Now I want to read you some of the evidence of Becky Coates, about getting ink on the bolster."

He then read the testimony of the girl to show that Becky didn't know whether she had spilled ink on the bolster. He declared that no ink was spilled on the bolster, but that it was put there, and that it was put on the pillow slip for a definite purpose.

"Who was instrumental in the burning of Hall's store?" Attorney Bibb asked. "Only one person—the accused. All the incriminating evidence, or most of it was in the house at the time. The bolster was there. It, too, would have been destroyed, and the question of the bloody bolster slip might never have arisen. Do you think anyone could have entered the store just after Mrs. Hall left it—in broad daylight—could have broken in and set in on fire without being detected. The store was discovered to be on fire ten minutes after Mrs. Hall left it, and it has been absolutely proved that every door and window of the building was locked.

"It has been proved that Mrs. Hall was the very last person to leave the store. It has been proved that she was interested in its destruction.

"Mrs. Hall has not said she did not kill her husband. She has had ample opportunity, but she has not done so.

"I have tried as best I could to present to you the phases of this case. In prosecuting this case I have tried to do my duty. The Commonwealth does not tell you what kind of penalty it wishes you to inflict. It merely tells you that it expects you to do your duty by bringing in a verdict which will do justice to the prisoner and to the Commonwealth."

Making the direct charge that there was more evidence in the case to incriminate W. R. Dunkum than there was to incriminate Mrs. Victor Hall, attorney R. Lindsay Gordon created a sensation in the argument.

Mr. Gordon spoke for over four hours and had not concluded when, at 7 o'clock, court adjourned until 9 o'clock this morning. Mr. Gordon's speech was made up almost entirely of violent invective and a bitter attack on the press, the detectives, the Commonwealth's attorney and the witnesses. This was concluded with a long declaration, in which he charged that there was more evidence to connect W. R. Dunkum with the crime than there was to lay it at the door of the widow of the victim.

### KAISER'S PROCLAMATION.

**Says Germany Will Fight to the Death—Says God is With Nation.**

Berlin, August 8.—A proclamation by Emperor William addressed to the German nation has been published in the Official Gazette. The text was as follows.

"Since the foundation of the German Empire it has been for 43 years the object of the efforts of myself and my ancestors to preserve the peace of the world and to advance by peaceful means our vigorous development.

"Our adversaries, however, are jealous of the successes of our work and there has been latent hostility to the east and to the west and beyond the sea.

"This has been borne by us till now, as we were aware of our responsibility and our power.

"Now, however, these adversaries wish to humiliate us, asking that we should look on with folded arms and watch our enemies preparing themselves for the coming attack.

"They will not suffer that we maintain our resolute fidelity to our ally, who is fighting for her position as a great power and with whose humiliation our power and honor would equally be lost.

"So the sword must decide.

"In the midst of perfect peace the enemy surprises us. Therefore, to arms!

"Any dallying and temporizing would be to betray the Fatherland.

"To be or not to be is the question for the empire which our fathers wounded. To be or not to be is the question for German power and German existence.

"We shall resist to the last breath of man and horse and we shall fight out the struggle even against a world of enemies.

"Never has Germany been subdued when she was united.

"Forward with God, who will be with us, as He was with our ancestors."

### RICHMOND FEELS EFFECT.

**Sharp Increases Are Made in Prices of Flour, Sugar and Other Foodstuffs.**

Richmond, August 8.—Richmond is beginning to feel the effects of the business disturbance created by the chaotic state of affairs inWestern Europe. Sharp increases in the price of flour, sugar and other staples have taken place since the beginning of hostilities, and corresponding increases in prices for other commodities are predicted by local jobbers, if hostilities continue.

More serious still has been the effect of the European war upon local manufacturers and exporters doing business with Germany, England and France. Exports of flour and tobacco, the two most important articles supplied by this port, are practically at standstill, with no hope of improvement until the situation changes.

## CHARGES AGAINST A POSTMASTER

### Alleged Attempts to Suppress Circulation of Certain Literature.

### TO BE INVESTIGATED

**Traveling Man Finds Sentiment in Eastern Portion of State Against Statewide Prohibiton.**

Richmond, August 8.—An effort on the part of state-wide prohibitionists to take charge of the postoffices in Virginia so as to suppress the circulation of the literature of the Local-Self Government Association of Virginia is charged in a letter addressed to Postmaster Hay T. Thornton.

It is alleged the postmaster at Gether, Va., has refused to deliver any mail written on the stationery of the Local Self-Government Association, and has ordered officials of that organization not to send any more of its literature to "his" postoffice.

In pursuing this course the postmaster at Gether is said by officials at the Richmond postoffice to have committed a grave offense, for which penalties are provided, and the matter is now in the hands of the postmaster general at Washington.

The postmaster at Gether is accused of having opened a letter written on Local Self-Government Association stationery, addressed a citizen of that county, and after having read it, wrote on the back thereof the following rotation. "Will thank you not to send any more of your literature to this office." It is said to have been signed officially by the postmaster.

The letter in question was a statement of the position of the Local Self Government Association in the campign against state-wide prohibition, and was sent as first class mail matter, with two cents postage prepaid.

When the returned letter arrived at the Local Self-Government Association's headquarters, it was sent immediately to Postmaster Thornton. In speaking of the matter, the postoffice authorities declared the postmaster at Gether had committed a grave offense in the eyes of the department, and he would be dealt with fron Washington.

Another alleged attempt by statewiders that has been brought to the attention of the postoffice department, and which is also in the hands of Postmaster General Burleson, was the act of the "White Ribbonners" in attempting to get the rural mail carriers of Augusta county to destroy all literature of the Local Self-Government Association that came into their hands for delivery.

It is said that at a meeting held Saturday, July 30, in Middle River Church, of the Church of the Brethren, by the officials and elders of the church brought forth a resolution requesting that this be done. The meeting was held for the purpose of forming a political organization in the church to fight local self-government in the coming campaign.

Mr. J. A. Anderson, traveling representative of the Remington Metallic Cartridge Company, manufacturers of guns and ammunition, has just returned to his home from a three weeks' trip through counties in Eastern Virginia.

Mr. Anderson was asked about the sentiment regarding the strength of local option as opposed to Statewide prohibition in the counties through which he traveled.

Mr. Anderson said.

"I made an automobile trip through most of the counties in the First District—Accomac, Northampton, Westmoreland, Richmond, Northumberland Gloucester, Middlesex and others. Now I find widespread opposition to Statewide prohibition amongst the merchants and country store people I visited. The country merchant is in a better position to know the sentiments of the people of his neighborhood than any one else, and they all tell me that the voters and thinking people are not swayed by appeals to their emotions and are going to vote to maintain the present status of local option. They know what that means, and they know it suits the rural communities, where police protection is inadequate. Yes, sir, the First District is going to vote against Statewide prohibition, I had the opposite impression before I started on my trip, but I have changed my mind since talking to so many people in the territory I covered. I rarely drink, myself, so no one can accuse me of having biased my views in the matter, but I do believe in the Democratic doctrine of local option, and the hundreds of prominent people I talked to seem to think the same way."

## LOCAL BREVITIES.

There were no cases for trial in the Police Court this morning.

A youth named Harry Quayle was kicked in the face b ya horse in the southeastern section of the city yesterday and painfully injured.

Crave Simms, who resides at Franconia, Fairfax county, is critically ill. He is suffering from paralysis. Mr. Simms is an attendant at the market of this city.

**Germany Invades Russia.**

Copenhagen, August 8.—The real invasion of Russia by Germany is in progress. Reports received here today say a German invading army of 40,000 men, supported by warships, has been landed at Ekense, and are now marching. on Helsingfors, the capital of Finland.

The Germans have been opposed by Russian troops, but they are persisting in their advance, and it is expected that Helsingfors will be taken This movement is preliminary to a general invasion of Russia by Germany. From Helsingfors to St. Petersburg there is a direct line of railway along which it is expected the Germans will advance.

### NAVAL ENGAGEMENT.

**British Warship Reported to Have Been Sunk.**

New York, August 8.—Private cable advices received in New York report that a flotilla of German torpedo boats has attacked British warships in the Humber, the waterway to Hull, on the east coast of England, sinking four of them.

A number of attacking German torpedo boats were lost.

The report tallies with yesterday's declaration of the British admiralty that the first news of the war might be unfavorable. The date of this engagement is not given.

The Belgian government today seized thirty-four German steamers and two sailing ships in the new port at Antwerp.

The country's record breaking crop of winter wheat amounts to 675,000,000 bushels, Department of Agriculture annuonces in its preliminary estimate. This is 22,000,000 bushels more than was forecasted in July.

## CARRANZA UTTERS OMINOUS THREAT

### Tells President Carbajal He Will Put in Effect Decree of 1862.

### A REIGN OF TERROR

**Rebel Chief's Message Causing Great Apprehension to Administration in Washington.**

Mexico City, August 8.—Yesterday's development in the capital resulted in a triumph for the war party. All hope for peace between the Federals and the Constitutionalists now is apparently gone. The war party is in control and is being backed up by Provisional President Carbajal. Unless concessions are made, General Carranza, it seems, must fight his way into the capital and to power.

General Medina Barron was appointed commander-in-chief of the Federal forces in the capital today.

"We have 25,000 men, sixty-five field pieces, 100 machine guns and plenty of ammuniton,' said a prominent army official today, "and are prepared to resist to the end unless ample guarantees are given us. If we must fight it will be one of the greatest battles of the revolution. Every officer in the Federal army is prepared to die in defense of the capital."

If a battle is fought it is believed it will be on the plains, eight miles north of the capital. The Federal advance guard of 7,000 men is facing the Constitutionalists at Teolucan, fifteen miles north of Tlalepantla.

Mexico City, August 8.—El Sol, recognized organ in Mexico City of General Carranza, yesterday published a proclamation calling upon all the inhabitants of the city to meet in front of the Statue of Columbus in the Paseo de la Reforma at 10 o'clock today and demand the unconditional surrender of the Carbajal government.

The proclamation calls on the people who favor a peaceful rendition to fly a white flag from the balconies of their homes and places of business. Senor Lijan, Subsecretary of the Interior, has informed the leaders that the government, if a manifestation is attempted, will put it down with troops if necessary.

Washington, August 8.—General Carranza has notified Provisonal President Carbajal that if he dares to defend Mexico City with Federal troops the Constitutionalists will put the decree of 1862 into immediate execution.

The decree of 1862 is that which covered the execution of Maximilian and many other military executions and proscriptions. If Carranza's threat is carried out a reign of terror will be inaugurated in Mexico.

### PORTUGAL TO AID ENGLAND.

**Parliament Votes to "Stand" by Great Britain," But Leaves Method Open.**

London, August 8.—A dispatch to the Exchange Telegraph Company from Lisbon says that at a special meeting of Parliament today the declaration was made that Portugal would place herself unconditionally on the side of England, according to the terms of her ancient treaty. The declaration was received with enthusiastic cheering for France and England.

Portugal's decision to support Great Britain was announced today, after Germany had demanded information of her intentions.

Lisbon, Portugal, August 8.—Parliament today adopted a resolution announcing it to be Portugal's intention to stand by England in the present war.

Whether that support is to take the form of openly declaring war on Germany, or whether it will be to throw Portuguese ports open to British warships for their use is still to be determined.

### SAVED HIS WILD GOATS.

Emperor Maximilian Was Lucky In Having a Wise Adviser.

Of the great Emperor Maximilian it is told that once when traveling far from home he wore so sad an expression that a courtier asked him what affairs of state could cause so much concern. The emperor replied it was not the state but ibex he was thinking of. In his absence he feared a certain poacher, whom he mentioned by name, would make havoc with the herds. Could the courtier propose any preventive?

The astute person thus addressed immediately suggested a letter to the poacher's wife, signed and sealed by the imperial hand and offering her the best silk dress that could be obtained if the emperor's wild goats were not touched during his absence. And such, alas, is the influence of the sex that history hints the bribe was more effectual than "all the king's horses and all the king's men" in the way of forest rangers and wood reeves.

Maximilian had a preserve of these animals in the Tyrol near the Aachen sea and has left on record some interesting notes and illustrations of the sport he enjoyed among them. One picture represents him in a boat on a lake assisting to catch an ibex in a large net, which may have been good fun, even if it were scarcely sportsmanlike. It was Maximilian, too, who boasted that on one occasion he killed an ibex at 200 yards with a crossbow when his companion had missed it with a gun. Seeing that the "fire tubes" of the period were about the slowest and most awkward weapons any one could imagine, the feat was scarcely to be wondered at.—London Globe.

# DWELLING IS DESTROYED

Family of J. W. Devers Driven From Their Beds at Half Past 3 o'Clock This Morning.

Driven from their beds by a fire at 3.30 o'clock this morning, which completely destroyed the residence of James W. Devers, a contractor, the family were able to gather up only a few articles of clothing and make their way down the stairs before the entire structure was in flames. The building and its contents were a complete loss.

Mr. Devers's home is located on Washington avenue, just beyond the city limits, and 300 yards west of the Alexandria poor house. The fire was discovered in the bath room on the second floor in the rear of the building. The cause of the conflagration is unknown, but the fire had worked its way up from the first floor to the second.

The fire departments of Del Ray and St. Elmo, under the direction of Chief Frank E. Heishley, responded to the alarm, but the flames were beyond control when they reached the scene.

Chief R. E. Gronau, of the Alexandria Department, ordered the Reliance Hose wagon to assist the suburban department and a coupling was made to the city mains at the poor house, but the water supply was insufficient at that point to do much good.

The loss is estimated at $6,500, partially covered by insurance.

### WELL-STOCKED MARKET.

Large Supply of Country Produce on Exhibition Today—Prices Weaker.

The market this morning was well-attended by country people, and the volume of produce was much larger than usual on Saturday morning. There seemed to be an abundance of everything, the season having been propitious.

Seasonable vegetables were in profusion, and while prices during the early morning hours were firm, as the day advanced a noticeable weakness followed.

There was an abundance of fresh butter which sold at former prices. Eggs were also selling at about the same prices as last week.

This has been a successful season for apples, and nearly every countrymen had a supply. They were selling at all prices.

Meats and fish showed no variation in prices.

# GOOD ROADS MOVEMENT

Association Still Protesting Against The Expenditure by Alexandria County.

The committee of the Good Roads Association of the Jefferson District of Alexandria county, had a second conference yesterday with officials of the Good Roads Department of the United States government, relative to the route for the Mt. Vernon Boulevard, between Alexandria and Washington. They presented a set of resolutions outlining their position in regard to the road, setting forth that they are opposed to the expenditure of $30,000 by the county on a new road, which is to be an experimental road of the United States government, and decharing that they will take such legal steps as may be necessary to prevent the expenditure of the county's money on the project.

It was stated that the matter would be again considered by the department before a final conclusion was determined upon.

### MADMAN WITH DYNAMITE.

Foiled in Frantic Attempts on Lives of Wife and Seven Children, He Is a Suicide.

Wilkes-Barre, Pa., August 8.—Crazed by drink, Joseph Mazzar, 48 years old, of No. 300 Vaughn street, Luzerne, attempted to murder his wife and seven children by hurling dynamite at them in his home Thursday morning and succeeded only in blowing off his own head.

With two sticks of dynamite in either hand, Mazzar pushed open the door to his kitchen after an night of wandering about the streets. Where he had obtained the explosive could not be learned, but that he intended it for deadly use was soon apparent to his wife, who fled from her breakfast preparations to gather her children to safety.

There followed a mad chase through the upper portion of the house, and the mother and children escaped downstairs as Mazzar threw one stick of the dynamite, which failed to explode.

Catching the remaining sticks, he followed his family into the street and, overtaking them, was frustrated in a second attempt at their murder by his 18-year-old daughter, Mary, who grasped him about the arms. The others found protection with neighbors, and the daughter succeeded in tripping Mazaar, then making her escape.

Going back to his home, the crazed husband and father fixed a mining fuse to one stick of the explosive and allowed it to explode while he held it in his hands. His head was hurled across the street, both arms were torn off, and the mangled trunk was found lying across a kitchen chair.

### BURNING OF WAWASET.

Disaster Forty-One Years Ago Today—Worst in Potomac River History.

Today marks the forty-first anniversary of the worst disaster that ever occurred on the Potomac river—the burning of the steamboat Wawaset, near Chatterton, 40 miles below Alexandria.

### ARRESTED AS SPIES.

### NATIONALS A. C. VS. WHITE SOX

One of the best games of the season is expected Sunday at the Cove, when the White Sox clash with the strong Nationals of Washington, D. C.

The Nationals will use their star pitcher Jackson, with Rector or McBride to do the catching, while the White Sox will have Bayne, Seaton and Raison on hand to do their pitching, with Nalls to do the catching. Game will be called at 2.30 p. m.

HOY—In sad but loving remembrance of our son, HUBERT K. HOY, who died, six years ago today, August 8, 1908.

We often sit and think of him
When we are all alone
But memory is the only friend
That grief can call its own.

Do not ask us if we miss him
Oh there is such a vacant place
Often we think we hear his foot steps
Or we see his smiling face.

By His Father and Mother.

## SKILLED LABOR.

**State Federation Preparing to Effect Organization.**

Norfolk, Va., August 8.—A meeting of the executive board of the Virginia State Federation of Labor has been called by President E. C. Davison for Saturday, August 29, at Ocean View. A number of important matters will be considered at this meeting, among them the organization of the unskilled labor of the State.

"Skilled labor is well organized in Virginia," said Mr. Davison," but unskilled labor is in a very bad way. Unskilled labor is not as well off today as it was thirty years ago. It has been constantly going backward, while organized labor has constantly been advancing."

Mr. Davison announced today that Union News, the weekly organ of the Virginia Federation of Labor, will make its appearance tomorrow. The paper will be published in Richmond and will be edited by Howard T. Colvin of Alexandria, secretary of the Virginia State Federation of Labor.

## THOUSANDS ARE IDLE.

**Situation May Grow Worse Unless Atlantic Becomes Safe for Commerce.**

New York, August 8.—Fifty thousand men are idle in this city as the result of the war in Europe, and labor union officials declared, that at least 250,000 more have been thrown out of work elsewhere in the United States from the same cause. Oversea commerce is at a standstill.

Twelve thousand sailors, firemen, cooks and stewards from freight and passenger vessels are waiting here without employment.

Fifteen thousand longshoremen have no wages because no freight is being handled on the docks. An equal number of teamsters is affected.

Similar misfortune has come upon thousands of others in the small industries connected with shipping.

How far back into the industries of the continent the blight will spread depends upon the length of time that must pass before the Atlantic is safe for commerce.

## WILL SUBMIT PLAN.

**Business Men Adopt Suggestions as to Taxation at Conference.**

Richmond, August 7.—As a result of a conference at Ocean View this week between the committee named at the recent annual convention of the Retail Merchants' Association of Virginia held in Richmond, and representatives of other business and commercial bodies of Virginia, tentative plans to be presented to the State tax revision commission, now sitting in Richmond, were adopted. The meeting was largely attended by men who have given the subject of the present taxation system in Virginia serious study and taxation was discussed from practically every angle.

## TRAIN KILLS TRIO.

**Farmer's Children and a Philadelphia Girl Run Down.**

Glassboro, N. J., August 8.—Failing to see that a swift electric express train from Atlantic City to Camden was approaching after they had allowed a southbound freight train to pass, three children were instantly killed here last night on the Union street crossing of the West Jersey and Seashore Railroad. The victims were Harriet, aged 11 years, and Harry, aged 15, daughter and son of Frank Homan, Jr., a farmer living near town, and Harriet Lattin, aged 18, a Philadelphia girl who had been spending some time on a farm in the neighborhood with her parents.

With the boy driving, the trio started to town from the Homan farm in a light wagon. As they approached the crossing they saw the freight train, and the lad stopped his horse to permit it to pass. Ignorant of the peril approaching from the other direction, when it had gone he whipped the horse to continue his journey, and was squarely on the tracks when the express train struck the vehicle.

The wagon was shattered into splinters and the children and horse tossed many yards. As soon as the train could be stopped and backed to the scene of the tragedy its crew ran to the motionless forms, but all were beyond human aid. Doctors who were summoned said each of the three and the horse had been killed instantly, but so swift was their death that none of the three bodies had been mangled.

War Minister Lord Kitchener's appeal for recruits for the British army is meeting with a response which surpasses anything in the memory of the oldest war office attache. Immense throngs of men of all ages stood all day in front of the recruiting stations awaiting examination, some wearing silk hats, some poorly clothed, but all burning with the martial spirit of the hour.

The Dutch army is mobilizing rapidly for war with Germany.

OBJECT LESSON.
ANOTHER

The total destruction at an early hour this morning of the dwelling of J. W. Devers, a short distance northwest of this city, should afford food for thought for some residents of Alexandria county who have persistently fought the movement made by Alexandria recently to annex certain outlying territory. Had the object of the city been carried out two years ago a water supply would by this time have been convenient to the scene of this early morning fire and the prompt response of the department would have prevented what proved to be a disastrous conflagration.

Mr. Devers's house was in the zone claimed by the city of Alexandria and contiguous to our alms house, over which Alexandria has ever had police jurisdiction.

The country adjoining Alexandria on the northwest is growing all the time. Most of the structures in that section are of wood, and should a fire break out during the prevalence of a high wind there is no telling where it would stop under present conditions. When towns or villages are without fire protection, and a conflagration breaks out there are virtually but two things to do—remove everything possible and witness the destruction of homes.

It was so early this morning. A hose wagon of this city proceeded to the scene, but as there was no water supply, nothing could be done toward checking the progress of the flames.

THE KAISER'S STRANGE DREAMS.

Emperor William, following the fashion of most human scourges who have appeared in the world, takes it for granted that he is in partnership with the deity in starting a war among civilized nations which is causing so much anxiety at present, and which is destined to cut down millions of human beings, paralyze business and bring distress over a large portion of the globe.

Alexander the Great went further, he gave out that he was a son of Jupiter Ammon. Mohomet was confident Allah was with him when he was using the sword to propagate his faith, and even Guttesu, when he shot down President Garfield, strangely imagined he was inspired to commit the deed.

The following extracts from speeches of the German Emperor are intersting at this time.

"We will be everywhere victorious even if we are surrounded by enemies on all sides and even if we have to fight superior numbers, for our most powerful ally is God above, who, since the time of the Great Elector and Great King, has always been on our side."—At Berlin, March 29, 1901. "After much has been done internally in a military way, the next thing must be the arming of ourselves at sea. Every German battleship is a new gusrantee for the peace of the world. We are the salt of the earth, but must prove worthy of being so. Therefore our youth must learn to deny what is not good for them. "With all my heart I hope that golden peace will continue to be present for us." At Bremen, March 22, 1906.

BAR ASSOCIATION.

Organization Elects Officers for Coming Year.

Hot Springs, Va., August 8.—The Virginia State Bar Association has elected the following officers:

President, Judge Leigh R. Watts, of Portsmouth.

Vice-President, R. C. Blackford, of Lynchburg; H. W. Kern, of Jonesville; Bernard Mann, of Petersburg, and S. O. Bland, of Newport News.

Secretary and treasurer, John B. Minor, of Richmond.

Executive Committee, John A. Coke and Lewis C. Williams, of Richmond.

Other features of the day included a paper read by Professor Charles A. Graves of the University of Virginia, his subject being "The Forged Letter of General Robert E. Lee." At the evening session United States Attorney General delivered an address on the subject of "The Establishment of Justice."

Consideration of the amendment of the constitution, giving the executive committee power to fix the date of the annual meeting in any month, was made a special order of the next annual meeting.

KILLED BY YELLOW JACKETS.

One Woman Stung to Death, Other Driven Insane.

Wilmington, Del., August 8.—Attacked by a swarm of yellow jackets, Mrs. Nicholas Grussenmeyer, aged 56, whose home is near Leslie, Md., died of stings Wednesday and her daughter-in-law became insane from the agonies she suffered.

Mrs. Grussenmeyer was the mother of Patrolman Joseph P. Grussenmeyer, of No. 804 Walnut street, a member of the local police force, and the wife of Nichols Nicholas Grussenmeyer, of No. 208 South Adams street, a cutter at the Wilmington abbatoir. They, with other relatives, went to Lesle last nigh. Mrs. Grussenmeyer and her daugher-in-law, with some others, were in the fields picking blackberries when they stirred up the yellow jacket nest.

Dr. H. A. Cantwell, from North East, thought death was due to apoplexy superinduced by the sting of the many bees. The young woman, he thought, was mentally unbalanced by the many stings and the shock of the death of Mrs. Grussenmeyer combined.

Pursuant to the provisions of an Act of Assembly, approved February 18, 1914, I hereby give notice that an election will be held at all of the voting precincts in this Commonwealth, on Tuesday, September 22, 1914, between the hours of sunrise and sunset, on the question of prohibiting the manufacture for sale and the sale of intoxicating liquors in this State.

Given under my hand this July 14, 1914.

Had Serious Lung Trouble—Now Well

Sufferers from Lung Trouble are often misled in the belief that nothing will save them. Best fresh air, wholesome food and regularity in habits do much in aiding to restore health, but something else is needed. Many people who have taken Eckman's Alterative have testified that it was this medicine which restored them to health. Read this—

Weldon, In.

"Gentlemen: Through your instrumentality I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia, which developed into Lung Trouble. In February, 1905, I went to Fort Worth, Texas, and later to Canon City, Colorado. After being there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 105 pounds, the doctor having given me no assurance of reaching there alive. On July 14, 1906, I began taking Eckman's wonderful remedy for Lung Trouble. Today I weigh 138 pounds. I am stout and well and can do any kind of work about my grain elevator."

(Affidavit) ARTHUR WEBB.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' trial to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for reference. For sale by all leading druggists.

NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years with pains in my left side, and would often almost smother to death.

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

## Tuxedo—the Most Enjoyable and the Most Healthful Smoke

THE most enjoyable smoke is a pipe. But many men deny themselves this pleasure because they have had unhappy experiences with pipe tobaccos.

Likely you have paid 35 cents to 50 cents for a tin of "fancy mixture," and it burned your mouth or throat, or was unpleasantly strong.

Too bad—but you got the wrong tobacco. The hundreds of thousands of men who have tried

**Tuxedo**

*The Perfect Tobacco for Pipe and Cigarette*

have found the answer to their smoke problems. Tuxedo is the *mildest* tobacco made. It cannot bite the tongue or dry the throat.

And it's economical. There are *40* pipefuls in a ten-cent tin. You can't get any better tobacco because nothing better grows than the mellow, perfectly aged Burley leaf used in Tuxedo.

If you try Tuxedo for a month and cut out other smokes, you will not only have had the best month of smoking you have ever had in your life, but you will have made a mighty big saving in your pocket-money!

**UNEDUCATED EVANGELICAL.**

On such a rapid growth of Population of the United States there should be every Precaution taken so as to not put any Serpent Eggs under the hens and the best man for this business is the best Bible read man there is not a thing in the past present or future concerning man that is not writen in it, And a good man can tell all what a certain thought will develop into if he keeps himself well posted in its chapters. One very important place is not the only important place but it is the one most important and when I found it I wanted the whole world to know it) is where the Lord God commanded the man, saying "Of every tree thou may freely eat But of the Tree of Knowledge of good and Evil." It sems plain that nearly every generation has the same Precept of this meaning, that the forbidden Fruit Some want to say it was Woman (introduced) man. Well say if she did, did not God bless them and told them to be Fruitful? Coul they commit a Sin by doing what God commanded them to do? there are as many People living of their fore Father belief of the Bible as there are People using their Fore Fathers money for their welth, It is written every man works out his own salvation and is it not the same, that he should make his own living. By the Sweat of thy brow, thou shalt eat your Bread." There is not anythng any more Healthy than the man that ears his Bread in this way. A man should not worry; he is on the Right hand of God. Read the Blessing such a man is under St. Mat. V.

I Tell Now That the Tree of the Knowledge God and Evil is education. The Meek shall inherit the Eath. Now the Lord God, beng gifted of knowledge from on high knew and he told man, He knew when man would become Educated, and would oppress the ones that could not get it. We have an example before us today. that the consumer has to pay seven times more for a barrel of apples than the Farmer gets for it. It is compelled at this present day to go through a process of Education before it is Palatable, I can see it clear I believe is because I never went to school no, I never learned as much as my A B C's at school I learned what little I know at work. And listen to this, "and God give man Dominion over all." Now if God give man Dominion over all he gives man Superior knowledge God has planted in this man sufficient knowledge to do what he wants man to do, to be obedient. It is proved that the knowledge of God is superior to that any man can get.

And when the Woman saw it was a Tree to be desied to make one wise, the Female Class was not willing to stay in the state weak God put tehem in she become Educated, it is my opinion Woman become as Man is today Lawyers, Clerks, Judges, conducted Business in general and Man was producers of Food instead of consumers, and it also seads that man partook of this fruit also and God to Magnify their errs so, Generation to come might see what they devoted there time to, here is where the second creation is mentioned and they were idel had nothing to do so they decided how man com about and after they decided I dont believe that they believed it themselves here is what they Decided Lord God formed man of the dust of the earth and breathed the breath of life in his nostrils and he became a living soul, and then they also desided he caused a deep sleep to come upon the man and he taken a rib of him and made a woman why could they not as well desided he made woman in the same way he made man we also read About Cain and Abel which was no more than the two class we have today the Poor and the Rich So in process of time Cain Slew Abel it reads like two Individual Brothers but when it is worked out right it was a Kingdom devided against its self these people could not see what they wer developing to they could not see that they had the Serpent Eggs and they cared no more for the welfare of the country than the Present Educated Class does today get all you can out of this life and injoy this life while we or on this earth, Thes People in the Second Gen did not only not become Producer of food but they become extortion consumers I will take it on my self to say that there are thousands of people have made Millions of dollars of wheat that does not even know whether wheat grown in the ground, or out of the ground And not onley the People barring themselves from the sight of God. Good we can see further that this Generation in Second Gen lived in an Agony of Hell in the Second and third and fourth chapters, we even have it quoted that the Lord God visited the man and asked him if he had not eaten of the tree that I commanded that thow shouldest not eat Who told you that thou was Naked. Suppose that the same question was asked us today or let us ask ourselves that? here has ben Billions of Billions of dollars spent trying to arive at an understanding of the Scripture ther has not ben any money nor time lacking and it shows plainly that this money and time has been spent as much in vain as a maps labor is spent in vain trying to lift himself by his own bootstraps And it also seems plain that when man starts at any thing he goes pell mell until he drives himself to the last degree before he recognizes his wrongs, he generally is thrown from the mountain clean and clear before he sees there is no hopes for gaining his footholes. We can plainly see that some broad minded men is becoming conscious that something is wrong, here is what an Educated man has discovered and he has taken it on himself to make a statement to try to forwarn the nation of it down fall if he was a well Bibled man he would be able to see plainly what certain things developed to and would caution the people against in the first plac Thou Shalt not have none other Gods Before me, Now what is Education But Making Strange Gods this is what Br. R. W. Babson of New York June 21, 1914 too many consumers who dont produce is the besetting economic Sin of the Country and it is the fault of insufficient Education Notwithstanding the optimistic interviews of bankers, we read in the newspapers business conditions are ot satisfactory the failures are Increasing in every part of the country especially in the extreme East Some says the tariff is to blame others the currency while some attribute it to labor immigration & similar causes. He says But I tell you that the cause of present labor social busness and financal conditions is our national educational system which are teaching the Youth of our land to be consmer nstead of producer and onley to acquire instead of to serve.

The politician have been a generation getting into business and we will be another generation getting them out To look deeper in the Scripture we read that Jesus never give any of them credit for their Wisdom, there is coming a time when man will realize that Education holds people aback from practcal mechanical abilities as Churches is a curse against Christianity, it has been all that has been necessary for Chrls-tians in the past to do is to enter inside the Church that is the accomplishing desire, then they are finished Christians, but that is not what Jesus taught. But seek ye first the Kingdom of God. I have been taught that God is in Heaven far away and a person will have to die to go where he is, thats very good. But there is another thing to consider Jesus said that the Kingdom of God dwelleth in you we cannot find God in Church we have to find God in a closet. And annother important thing is we have got to work righteously with our fellow man if not our search n vain except your Righteousness exceeds the Righteousness of the Scribes and Parisees we will in no wise enter in the Kingdom of Heaven, I believe we have some people in all Churches that Attends with the Same good Heart, as the Poor Widow that Jesus pointed out to his Deciples this Poor Widow has given more than they all While we have some that use their Church as a Political Institute, While some use their Churches as a convenient way to Solicit business, and to come down to straight business intentions. Never has been man left alone so long at any one time, we have been left alone so long, that nearly the whole world has become infidel, I invite every one that reads this, inspect it, In the book Amos fully describes this present day, God say I shall send a famine in the land not a famine of Bread nor a Famine of Drink but a Famine of hearing the words of the Lord. and in this Famine a Fair Virgin will appear and in the time She apears there will be Gambling in the hight cost of living God Swears by the Excelency of Jacob never will I forget their Works God says I shall cause the Sun to go down at noon I wil bring Sackeloth upon all loins I shall turn noon Feasts into moaning and the end thereof will be a bitter day, It also speaks of a Sword All the Siners of my people Shall die by the Sword Now as Mr. Babson says conditions is not satisfactory there is too many Eating of the Tree of Knowledge, it was classed as good and evil, and so it is in the day that thou eatest thereof thou Shalt surely die it shows plain that oppressing the poor would be death, what does man care for the words of God, for Instance there is a Publican in Alexandria that told a friend of his he made 35,000 dollars last year in food stuffs he is such a dear lover of Jesus the Christ that would not eat any meat on friday but will help eat every bodys elses meat the other six days. Now to show the reader plainly whether it was a loop in the laws of this Lord God or this Prophet which those people in Second Gen Called Lord God, where it was for Woman to become Educated and the man or Male Sex forbidden, and woman or the Female Sex taken advantage in plain words this Lord God did not forbid any of them of becoming Educated, he Said for in the Day that thou eatest thereof Now where the sin is today too many Eating thereof too many consumers enough Producers of Food. this Sword that is due heare Now is brought on by mans unfairness agains Peaceful Existing conditions of the country, Nothing will Prevent its coming unless all men join hands in LOVE, that is not what man is willing to do and this Sword must come Jesus even told his chosen 12 they were the salt of the earth yes the ministers of the Gospel are supposed to search the Scripture and forwarn the people against Serpent Eggs God said that this must come Jesus Said even many shall come in my name and Shall deceive many deceive the Elect if Possible, those that eatest and drinkest of me not worthy of me eatest and drinkest dammnation to their own Soul, the Good Master never said that man would become good he Said except that the Lord has Shortened the day no flesh Should be Saved but for the elects sake whome he has Chosen he has shortened the day but Woe to them that are rich in those days for they have their Consolation Woe them that are with child and give Suck in those days When a man can reach forward and grasp the real meaning of our Lord and Saviour Jesus Christ and then he is able to compaire Jesus words with the Conditions of welfare of the country and when he can plainly see that the welfare of the country is in no wise in harmony with Christs Words, And right at this age we are to enter a new dispensation, I have found for myself that when a man, in company with men, that believes in God so does he, and take the same parties in company of men that does not believe in God and neither does he, any one can ask any Person does he believe in the Bible you will get the same answer from every one will be YES. Now if you believe in the Bible then now believe in what it says. Now turn to Amos VIII and you will see where a Fair Virgin is to come after a long Famine of hearing the words of the Lord, and when she apears there will be Gambling in the High cost of living. Now when we look at this closely the Fair Virgin has apeared the Gambling in the high cost of living falsifying weights by deceit makng the expenses small and the sheckels great. and at this present time man has become so (interlocked) that he can get any price for foodstuffs he wants and the reason food stuff is no hihger than it is, is because the poor has no more to pay for it And it also takes a standing army to protect its purities. We can plainly read that these people in Second Gen Live through, no more Mist or Misapprehension than is mentione in Gen 26. And it seems plain when this Generation had drifted so deep in despair that God did not see that there was no hopes of man ever Gaining or coming back to the real man without Gods assistance. then we also read in Gen V. which reads thus, This is the book of the generation of Adam in the day that God created man, in the likeness of God made he him Male and Female created he them, and Blessed them and called their name Adam, in the day when they were created, And we plainly read that God created the fish of the Sea fowls of the air beasts of the fields, and also man and womens, And now we have arived at this present time that some college graduate that has taken on himself to say that the Human race originated from Apes or Gorillas I read an article of late a large picture of a Ape or a Gorilla that man pointed out as Adam and Eve.

And Eve or the she Ape or Gorilla had a young one holding it in her arms. Never will I let such foolishness penetrate my mind. Not onley such a man classed smart, but receives big money for writing such and his writing is highly esteemed of many of his class. Now if it was not quoted that God made man as well as beasts which we have them both here at this present day, such a man might have some room for an arguarent when he has none whatever there were man and beast of the boginning man has drifted so deep in darkness that he will never find his way back until God shows him the LIGHT. We are as far in the Mist today as the People were in Genesis and when God showed them the Light they would not keep it no more than our Forefathers kept the Light that Our Lord and Savior Jesus Christ put for us to walk by. And I take my Bible and write from its chapters such that comes in my mind, and aply every nerve of energy to try and bring about harmony and try and show the people that they greatly err. It cost me about thir lars of my own hard earned c insert the same amount of my ing that such a man gets no thirty dollars for or even mo lives on such nonsense Eats of a producer of food but a real ume (Consumer) And anothe portant place in the Bible Gen Enoch walked with God was not, for God took him." I right with God and knew it no God took him. I might be every step in God yet I will ceive my reward until God g my reward, I firmly believe t works like a meter, the first is tens, next is hundreds, next is thousands, and next is tens of thousands this tens of thousands is the day God has set for his day at the point of its revolution on the dial we can hasten this time by extravagant uses. And bring that point to the place of its registering. We might use these words what Jesus said It is easier for Heaven and earth to pass away than one of his laws to fail. Jesus was asked what would be the sign. he said there will be no sign given For in the days of Noah they did eat and drink and maried until Noah entered in the Ark in the days of Lot they did likewise until Lot went out of the town then the Lord hailed fire and brimstone down from Heven. Is it surprising to see many walking true in Jesus that never trod afoot in church. And to see so many anointed in the Churches walking directly opposite to Jesus. All manner of blasphemy shall be forgiven the Son of man, but One blasphemy against the Holy Ghost that Shall not be forgiven neither in this world nor the world to come, I have asked several people that I call intelligent people I got a diferent answer of them hardly two alike. What blasphemy against the Holy Ghost really meant, so I decided to use my own judsment of the matter, and this is it Those that eatest and drinkest of me not worthy of me eatest and drinkest damnation to their own soul When a person pledges himself to follow Jesus rules or in other words takes up his Cross, that means cross out or stamp out all evil and if he does not do it he is a partaker of all transgressions such a person in reality is Blaspheming against the Holy Ghost Absolutely a person that excepts Jesus has no use for laws Christ is his Judge he is forbidden of using law. his law is Righteousness, and he will come so well out in the light of love he will have no use for a physician Christ becomes his Doctor, Iwill say that it seems plain for in the time of Adam people probably lived thousands of years and could not as much as write their own name and they didn't have even names they were called Adam which was ment male and Woman was called Eve, And when Educaton was introduced which is known as the Tree of Knowedge then came Law and Sin every man knew his own and they feared God to do evil to his Fellow man If we once consider we have at this present day one third the people making the Laws and another third breaking the Laws and the Poor and half-educate third furnishing or Producing food, And it would not be any wo if we had no Law at all while th third is in the house making the laws there is another third on the o side waiting to break them as soon as they come to them. And Every one of those men Profess to be the followers of Christ I shall no longer wonder, We unto you Scribes and P arisee Hypocerits. Woe unto you Lawyers also you have hid the keys o Heaven now won't enter in yourse ves and now prohibit those that wou from entering in, a man cannot co mit a worse Sin than eating his bread with a fair exchange o fhis Righteous Labor the sweat of his brow, If we are doing a piece of work and need some assistance and hire one of those College Students the first thing he has to say how much do you pay? If you only pay him what he is worth you will not pay him anything, for he is not worth any thing for he is what I call an Educated Fool professing to be Wise, has become a fool. Head educated and hands untrained when a man becomes wise in the world he has become a fool in God, for the Wisdom of this World is foolishness with God .

Of my honest belief there have been enough Prayers uttered in the last 1914 years, which, if written on paper there is not a train that has been ever pulled by a Locomotive could haul them, then we have room for this, the Prayers of the wicked availeth nothing, if a Denomination arises and claims to heal the sick by Prayers they are condemned at once, that they are not in Christ and are as ready to condem it today as they were 2000 years ago. I believe the Disciples asked Jesus (concernig) such people, his anawer was can the blind lead the blind. Let

them alone, they are blind guides, and both fall in the ditch. The Christian Scientist claims to heal by Prayer now if they do not do it it is no more than what other Denominations are doing, and if they are doing as they claim it is Pure Bible or what Christ taught, Preach the Gospel and Heal the sick, So long as people continue to walk as they did walk B. C. they shall never arive at the real Christ understanding, we might add this O Father Lord of Heaven and earth I Thank thee tho it seameth Good to hold this from the WISE and Prudent and reveal it unto Babes, Now Christ did Foretell the antichrists that would come Christ even described them so we could not be Deceived by them these Signs will follow them that believe.

If a man love Father and Mother, Sister and Brother or Wife or Children more than me he is not worthy of me, And again what is the most esteemed among men is the Greatest Abomination to God, I wrote a piece time ago and one of my Friends asked his Friend concerning it he answered he knew of that Denomination they are something lke the Saventh Day Adventists I headed my letter the uneducated Evangelical I never ment it for any Denomination whatever. The dictionary says Evangelical is according to or containing the Bible I am not a member of any Church, But I do hope to be a member of the Christian Scientist Church as soon as I can comprehend I believe that the True Christian has no need of laws, they are Exalted above. Laws are for the Heathen. Bastard Antichrists low grade common filth o fthe earth unprincipled and many other things to numerous to mention the true Christian is exalted so high above these things In reality suppose I wonld start to tell of the laws and tell them who they are for and what they are for I would in no doubt be lynched by a mob of refined retired American Chameloen who has retired from all work. no doubt it would be like where it is Mentioned i nActs 19, 25, where Demetrius called all together and said Sirs ye knew that by this craft we have our Wealth, let the reader concitter this for a moment and see if we have not the same people with the same disposition today. When my attention was first attracted to the fruits of education I was at the Christian Science Church on testimonial night I heard one man give in his experience he said that he was a graduate of a certain Colage I could tell by his talk that he was a highly educated man he said that he had been a minister of a certain Church for so many years, he looked to be a man about forty years of age, and he declared before a congration of about seven hundred souls that he had never learned to read the Bible until he became a member of the Christian Science Church, he said that there were parts of the Bible that he had never fuly understood but after he became a member of the Christian Science Church it was made so plain, now just suppose he was right. All his time and money he spent in colage was thrown compleatly at waste I say suppose he was a son of a poor Famley that his Parents were deprived of his help and not onley that to say that his Dear old mother had to take in washing to defray his Colage expenses and not onley him but the other than were with him spent in vain likewise, I want the reader to bare in mind the deceivers that Jesus said would come a man that is not in the laws and neather preach the words tof Christ but wobling betweent these two in our language he is a Sucker, and that is what Jesus Said Woe unto them that give Suck i nthose days, that grate and terable day is before us, which is foretold twice in the Bible one is Amos and the other Jesus said Daniel, would it not be a wise plan for this Generation to make a Most diligent surch and see what Graid Sins man o fthis Generation that God will pore out his Wrath upon us, Jesus knew that the Sins of man is terable he said except the Lord hath shortened the day ther will be no flesh saved, But for the elects sake wome he has chosen he hath Shortened the day. Signifying longer the world stoot the more sinful man became I shall poind out the Graitest Sin in the World at this present day is the Tree of the Knoweldge Education it is mentioned in the Bible good and evil, in reality the educated class today does not give fair exchange of labor production of food, for what he consumes in my understanding of the Scripture we must give equal balance, if we are the Lover of the Lord, there should be no law to tell us what is due us and how mutch we to receive of our felowman just and right, at this day man likes to recive just and right but does not want to give.

At te time Jesus apeared the Christian age was not no darker than it is today for man in that day had been left so long that they did not believe that there were any Future, get all out of this life for when we die that is the last, and when nearley the whole world was poisoned with this belief, then Christ apeared, and did show plainley that this life was onley temperal, and the next in Eternal life and even said that those that believe on me shall never die But have eternal life, now those that believe on Chrst that is not all, he must do the will of Christ, Love one another, I shall frankly take it on myself that the will of Christ is onley done by a very few, now at this day nearley the whole world has drifted as far back in darkness as they were B. C., and if any one preaches that ye shall never die, he lays himself libal to be scorned as mutch so as the Persecuter of Christ, he also give every Precaution not to cast your Pearls anmongst swine, nor give that which is Wholey to dogs, he also said that the misteries of the Kingdom of Heaven is given unto you, But it is for others to seek, There has ben Bilions of dollars spent, seeking building High Colleges and sending Misionaries to foreign lands, We Hipocrits but first cast the beam out of thine own eye then thou shalt see clarly to cast the mote out of thy Brothers eye, Jescus knew that the ones that would come after him would devote their entire time trying to sew the words of the Bible together to arive at the true interptation of it, it has Passed through the hands of hundreds of milions hands and I will say that man has not arived at absolute truths, it is a book that never will be fully understoot in a Milion years to come, I believe that an uneducated man has as good understanding of it as a man that has spent two thirds of his life in College, and even more so, for the Good Master never give that educated class any credit for their knowledge, he chosen the poor uneducated fisherman that could scarcely mutch more than write their own name and I believe that if the Truth is known that Jesus never went to school no more than myself, and that Generation refused to heare because he did not come through the Exalted educated class. St. Paul gives a better understanding of the educated class than any of the Bible writers he says when a man thinks himself wise in this world let him become a fool that he may become wise, for the Wisdom of this world is foolishness with God for God knoeth the thoughts of the Wise they are Vain, when we become exalted we have become absed, I believe we can arive at a better understanding to use the Bible to outline, they study Jesus steps or his caracter or the Principle of the Good Master and then we can see so close what a Christian is to do a Christian or a person male or female that profeses to be a follower of Christ is to by all means stamp on what he stamped on and clare out all unrighteousness and bring about Righteousness that is to be clean out Bad, and doing good in the place honest and just waits not extravigent wasteful with Love in the heart and truth on the tongue, or Righteousnes with God is honestness with our felowman if we are right with our felowman we are right with God, that is all God requires of us, and if we do not serve our felowman right neather do we serve God right if a man says he Loves God and hates his felowman he is a Liar for his felowman or Brother is God. Jesus did not say anything abought Education he said Righteousness exact no more than justley due you, the time is near that man can tell a Christian as soon as he hears a man speak I can tell now a Christian the way he speaks to his felowman if his words is not jentel and kind and loveing he is not a Christian, I can see clarely that Jesus seen that the comeing Generation would take a rong precept, and that is why our forfather lost sight of God good it does in reality seem plain to me that God being all power to make a man, could not make him complete the way he wanted him that we would have to spend half of his life in schools to be finished exalting our selves from meek for the meek Shall inherit the earth not onley does education deprive the child of its play days it deprives the Parents of the use of their children and it deprives the Parents of hard earned liveing money, a Child that has no education will larn a trade as quick as a Child educated.
